

Horse

Horses are mobs that luckily can be found in many zones. They are tamable and rideable, which makes them desired for almost any character in Teiravon. They have a low taming difficulty and one can easily directly start taming one of those, even if it will take some time to succeed for the first time with a new character. Normally, this should be around 8-12 taming skill.

Horses come in different colors. The most common color is the brown horse with a white mane. Horses are said to come with differing stats. Also, you can buy pack horses (not rideable) at your local stable master.
